New Products

FLEXCO BASE SCULPTURES

Highlighting attractive looks with competitive pricing, FLEXCO Base Sculptures are made from durable, flexible thermoplastic rubber here in the U.S., formulated with a bio-based plasticizer instead of petroleum-based phthalates, reducing greenhouse gases by up to 10%.

SCHONOX HS STURDY

Changing the way floor prep is handled for multi-family, senior living, and any gypsum-based substrates. Shonox's HS Sturdy is able to be applied from 2” down to a true feather edge, with Hybrid Active-Dry Technology.

6 DEGREES VARACORE

Confused and concerned about the new Tarrif impact on rigid core? HiLine's 6 Degrees Varacore is a Rigid Core vinyl made here in the U.S. with natural wood looks, making it a beautiful, sustainable, and still available flooring option for any space. For more information, Consult one of our HiLine sales reps.
